• The Indian Railways under the management of the Government of India is the largest Commercial undertaking in our country.
• The main business of Indian Railways is the carriage of men, materials and animals from one place to another.
• It is a mass media Transport. The Railways are the biggest employer and more than thirteen Lakh employees are working in Railways.
• Being a Commercial undertaking and a Public utility service, the Railways have social responsibility to serve the transport needs of the community as a whole.
• The Railways also help in the economic, Social and Cultural developments of the Country.
